Tuesday Agenda Memorandum

Item Type & Title: Agreement with Critical Mention for media monitoring services

Agenda Date: September 6, 2016

Contact Individual: Scott Slater, 286-3752

Previous Action taken by the Board:

Board/Commission Actions: None

Action Requested (Recommended): Approval

Comply with Policy: Yes

Background: Both Polk County Government and the Polk County Health Department have the need to monitor, track and archive print/TV/radio/web media coverage from any news outlet in the region. The increased number of web based outlets distributing media also makes this difficult to track. Critical Mention is a service that can capture and index Polk County related news stories. Other capabilities of the service include search functions, video clip views, sharing of video clips via email and coverage analysis. This agreement is for a one year period beginning September16, 2016.

Action Impact: Polk County will be able to monitor and archive County related stores from a wide variety of media outlets.

That the following Resolution be adopted:

WHEREAS, the Health Resources and Services Administration (part of the US Department of Health and Human Services) administers the 340B drug pricing program; and

WHEREAS, Mercy Medical Center-Des Moines qualifies for the 340B program; and

WHEREAS, one of the requirements for 340B eligible entities is to have a contract with a local government entity which states that the qualifying entity commits to treatment of indigent, uninsured or underinsured residents; and

WHEREAS, Mercy Medical Center has requested Polk County provide that assurance.

Item Type & Title: Agreement with Mercy Medical Center regarding 340B drug prices

Agenda Date:
Contact Individual: Rick Kozin, 286-3926

Previous Action taken by the Board: None

Board/Commission Actions: None

Action Requested (Recommended): Approval

Comply with Policy: Assure access to necessary medical services is one of the 10 essential public health services.

Background:

The US Department of Health and Human Services, through the Health Resources and Administration (HRSA) administers the 340 B Drug pricing program. It provides significant discounts in drug pricing to qualifying hospitals for treating certain patients. Mercy qualifies for 340B by providing care to a disproportionately large share of Medicaid patients (exceeding the federal threshold of 11.75% of total admissions). Their share of Medicaid patients is now over 14%.

One of the requirements for 340B-eligible entities is to have a contract with a local government entity which states that the qualifying entity commits to the treatment of indigent, uninsured, or underinsured residents. Doing so is a Mercy commitment and a significant part of their mission is to serve those in need.

In 2011 Polk County assisted Mercy's enrollment in the federally-administered, 340B drug pricing program by providing the federally-required assurance. Mercy has requested that the previous contract be updated.

Action Impact: These efforts will increase our ability to improve community health.

Agenda Date: September 6, 2016

Contact Individual: Deb Anderson, Budget Manager
Board of Supervisors
286-3016

Background: Polk County routinely amends the current budget and appropriation to reflect a variety of actions taken by the Board of Supervisors, Offices, and Departments since the original budget was certified. Adjustments include such items as re-appropriating special projects funds, grant awards, position changes, and adjustments based on current expenditure and revenue estimates. Staff presented the proposed amendment to the Board of Supervisors for discussion and review on August 31, 2016. The amendment has no impact on property taxes levied for FY 16/17.

Action Impact: Authorizes the County Auditor to publish notice of a public hearing on the proposed amendment.

Fiscal Note: Expenditures decrease $1.7 million. Revenues increase $1.9 million. Net transfers increase $0.2 million. The proposed revenue, expense, and transfer adjustments decrease usage of fund balances by $3.8 million. Beginning fund balances are adjusted to actual and increase $9.8 million, mainly due to bond proceeds being held in reserve for capital projects. The net impact of these changes is a $13.6 million increase in ending fund balances as compared to the budget certified in March 2016.
